

Caledonian Primary School

2019 Business and Organisations Directory - Edition 1

Welcome to the first edition of the Caledonian Primary School 2019 Business and Organisations Directory.

We invited school families to promote their business/workplace/volunteering group to the school community.

If your business or organisation could be included, please pass on your details to the staff in the main school office for the next edition.

Please help to support our school families by choosing these businesses and organisations.
